

YOUTH THEATER Awesome 80's Flashback

PLOT

When Brittney can't get along with parents, she bumps her head and flashes back to the 80's.

CHARACTERS

Brittney learns about the past of her parents by flashing back to the past and the 80's.

What Can I Bring?

If you have an "awesome 80's costume", bring it. If not, we will have costumes available also (and they will be 80's and awesome!)

Ensemble acting

While on stage, an actor must be aware of his surroundings: the set, other actors, and the audience. Being able to involve all of these elements while maintaining the credibility becomes an obstacle that, with practice, can be overcome. The playing together of all the performers is a challenge for directors and performers alike.

Why should my child participate?

Teamwork: Your child will understand how to work as a team for a common goal of getting a production together in a short period of time. This involves teamwork and interacting with others, especially patience.

Performance: While we may not always want to, we may be asked to give speeches, lectures, presentations, or other in front of large groups. One way to get better at this is through PRACTICE, which this experience provides.

Stage Knowledge: Our staff has an understanding of what knowledge is required of theatre performers, and what better way to develop the talents of our young people than through a play for our community.

LUNCH: Lunch and snacks will be provided for your child. All this plus expert instruction for \$10.

Let our knowledgeable staff develop your young person's talents!
